What is Padel Café?

Padel Café is an indoor padel court and café facility situated in DHA Phase 6, Lahore, Pakistan. We offer a unique combination of world-class padel tennis courts and a full-service café.

The Concept

The concept of Padel Café is rooted in the rapidly growing popularity of padel tennis worldwide. Recognizing the potential for this sport in Pakistan, we wanted to create an environment that not only meets international standards for padel but also introduces a first-class café experience.

So, we have established a padel court facility along with a café that offers an extensive menu catered to diverse palates, from quick bites and health-conscious options to gourmet meals and beverages.

What Do We Offer?

Padel Café's service offerings include:

1. **Padel Courts**
 2. **Café Services**
 3. **Events and Tournaments**
-

Padel Courts: Our facility features state-of-the-art padel courts available for hourly rentals. These courts are built according to international standards and equipped with premium-grade glass walls, secure metallic mesh enclosures, and professional-grade artificial turf that provides the perfect balance of grip and comfort.

Café Services: The café serves as a social hub for our guests. Our menu is diverse, offering everything from freshly brewed coffee and smoothies to gourmet sandwiches, salads, and desserts. We emphasize the use of fresh, high-quality ingredients. Some of the ingredients are imported to maintain the authentic taste and quality of our offerings.

Events and Tournaments: We plan to regularly host padel tournaments, leagues, and corporate events. The purpose of organizing these events is not only to promote padel tennis but also to foster a sense of community among our members. Besides, we also offer private bookings for family festivals, birthday parties, and other special occasions.

Our Import Requirements

We regularly import a variety of specialized items to support the establishment and ongoing operations. These include one-time imports necessary for setting up our facility and ongoing imports to maintain our service quality.

Import Items:

Padel Court Construction Materials:

- ✓ **Glass Panels:** High-strength tempered glass panels for the back and side walls of the courts.

Planned Activities and Future Expansion

Our vision for Padel Café extends far beyond our current location. We have ambitious plans to expand our presence across Pakistan by opening additional facilities in 15 other cities over the next few years. Each new location will replicate the successful model of our Lahore facility.

By establishing Padel Café in multiple cities, we aim to create a network of premium sports and leisure venues that cater to a wide audience. Eventually, we aspire to establish Padel Café as a nationwide brand and leader of the padel tennis industry in Pakistan.

Our future activities will include:

Expand our Tournament Circuit: As we establish new locations, we plan to create a national padel tournament circuit. All our facilities will be linked to each other so that padel tennis players from all over Pakistan can compete.

Launch Membership Programs: We intend to introduce membership programs that offer exclusive benefits, such as priority booking, discounts on court rentals and café purchases, and access to members-only events.

Collaborations: We will partner with educational institutions and corporate entities to promote padel as a healthy and engaging activity.

Future Import Plans

Our import needs will grow with our expansion plans. Each new facility will require the same high-quality materials and equipment to ensure a consistent experience across all locations.

Therefore, we anticipate regular imports of padel court construction materials, café equipment, and ongoing operational supplies as we establish and operate new branches.

This document serves as a comprehensive overview of our current and future import requirements. We kindly request the bank's support in facilitating these imports, which are critical to the successful establishment and growth of Padel Café across Pakistan.

We look forward to a continued partnership and are committed to providing all necessary documentation and information to ensure a smooth and efficient import process.
